KASKADA

Greetings Kaskada Girls!

Summer is here! Get out the sun screen, sunglasses, Japanke, and kopče za kosu. School takes a break and there is plenty of time for hanging out in the sun with friends and family.

But, summer is also a great time for reflecting on the beauty which God has given to us as young women...both "inside and out"! In this KASKADA GIRLS Summer issue we think about the *Beauty of our Hands* and explore ways in which our hands, as part of our body, may be beautiful as well...and we find that beauty both "inside and out".

The issue is packed with beauty and

It's Summertime!

make-up hacks as well as '10-Steps to a Perfect Manicure'. Use those beautiful hands which God has gifted you to try a creative craft and some service ideas to bring beauty and goodness to others and the world around you. All found in the pages of this issue.

To spark your fashion imagination we share the 2021 Color Trending Palette. See how many ways you can beautify your look, your home, your church and your whole world with the Summer Colors of 2021. Have fun and be creative with the beauty of color. Experiment with some heat-busting hairstyles to lift your locks and cool down on the sunniest of summer days.

I hope you are blessed and enjoy exploring the *Beauty of Your Hands* in this KASKADA GIRLS Summer 2021 issue. Share with your friends as well and I will see you in the Autumn for our next issue!

★SPACE★BUN

What you need:

Comb

Hair Spray

Several Bobby Pins

Small Elastic Bands

Step 1. Brush out all your tangles. Spray a small amount of hairspray into your hair to give texture for easier Space Bun-making.

Step 2. Use comb to part your hair down the middle—from your forehead to the nape of your neck.

Step 3. Pull up each side of your hair high up onto the top of your head. Use elastic band to make 2 pig-tails.

2021 **SPACE-BUN**

Step 4. Tease your hair with the comb or a brush to add volume to the Space Bun

Step 5. Twist your teased hair. Mess it up if you like for the "Messy Space Bun" look. Allow some hair to fall loose around your face if you like.

Step 6. Roll your twisted ponytails into a bun. Add another elastic band. Use bobby pins to secure the bun to your head. Use as many as you need.

Step 6. Use hairspray to keep your Space Bun looking perfect all day long!
And there you have it!

2021 **SPACE-BUN**

Try it out this summer.
It's just that easy!

F E A R

What does God say about it?

Why do bad things happen to good people?

Sam Jahve ide pred tobom; on će s tobom biti; neće te zapustiti niti će te ostaviti. Ne boj se i ne dršći!" Sam Jahve ide pred tobom; on će s tobom biti; neće te zapustiti niti će te ostaviti. Ne boj se i ne dršći!"

10 STEPS

to a Perfect Manicure

Step 1: Clean your nails with polish remover

Step 2: Clip, file, and buff your nails.

Step 3: Soak your fingers in soapy water for 5 minutes to soften the cuticles.

Step 4: Gently push back your cuticles.

Step 5: Exfoliate your hands.

Step 6: Moisturize your hands and cuticles.

Step 7: Apply a base coat polish. Allow to completely dry.

Step 8: Apply your first coat of color. Allow to completely dry.

Step 9: Apply second coat of color. Allow to completely dry.

Step 10: Apply top coat. Allow to completely dry.

Oh No!

with

READER: Oh No! My fav nail polish is getting thick ...but there is still a lot left. Can I save it somehow?

WARM IT UP!

Gently mixing your nail polish works if the product has thickened just a little bit. Make sure the bottle is sealed and turn it upside down. Then roll it between your hands for a few minutes. This helps to gently warm up the polish and help thin it out. Never shake your polish it adds air to the polish and makes it thicken more quickly.

EGETO 2021

Make-up Hacks

Oh No! My makeup broke!

READER: **Oh No!** My younger sister dropped my new lipstick and it broke in two. I love this shade. So disappointed... How can I fix it?

Jani: **Heat it up, Smooth it out, Cool it off!**

STEP #1. Remove the broken piece from the tube

STEP #2. Smooth the base of the lipstick in the tube with a cotton swab.

STEP #3. Melt the bottom. Using a lighter, hold your lipstick piece over the flame to help soften up the broken end. **Do the same** with the remaining lipstick in the tube. Make sure not to burn your lipstick or the tube (or your hand) in the process!

STEP #4 Smooth the edge of the broken piece using the cotton swab again. The flatter it is, the easier it'll be to combine.

STEP #5. Combine. Once both ends are softened, place them together. They should start to melt into one another. Use your lighter to melt them further together if needed.

STEP #6 Smooth things out. Use a toothpick to smooth out the edges for a good-as-new lipstick.

STEP #7 Cool it off Swivel the lipstick back into its tube, put it in the fridge for 30 minutes. Once cool your broken lipstick will be Good as New!

READY TO GLOW!

My Serving Hands

6 great ways to bless others using the gift of your Serving Hands

1 BABYSITTING

For busy parents, aunties, and especially new or single moms, an hour or two with hands free to shop, read a book, take a nap or visit a friend is a much welcomed gift. Try offering to babysit as an act of service the baby or young children of some woman in your family, church or village. Freeing up mom's hands with your own for a time will be a beautiful blessing and help her to refresh her body, mind and spirit for the rest of her day.

2 SHOPPING

For the elderly, the widowed, the disabled or infirmed shopping for groceries, pharmacy items or household necessities may present a difficult and exhausting challenge. Think about offereing your hands to shop for someone like these next time your family shops at the local shoppes. Or if you can, bike there and back yourself. Offering to unpack and stock the items in their home shelves may increase the blessing of service as well.

Dobrota Jahve, Boga našega, nek' bude nad nama daj da nam uspije djelo naših ruku, djelo ruku naših nek' uspije. Psalmi 90:17

3 VISITING SHUT-INS

Lonliness and isolation negatively effects especialy the elderly, the disabled and the infirmed. Corona virus has significantly increased their inabiity to see and visit with others. Once able to do so again, try visiting these people in your village or your church. Read them the newspaperpaper,their post, play a game with them or just have a chat. You will be surprised how much you will learn and enjoy the visit!

4 VEGGY-GARDENING

A little dirt, a few seeds, water and sunshine can feed a family for weeks, and weeks. Try planting and maintaining a vegetable garden for your family, an elderly or disabled person in your village or your church. Collect up the harvest and share it with the poorer families, widows, and elderly in your community.

Ne boj se jer ja sam s tobom; ne obaziri se plaho jer ja sam Bog tvoj. Ja te krijepim i pomažem ti, podupirem te pobjedničkom desnicom. Isaiah 41:10

5 RECYCLE PLASTIC

Drink bottles, food containers, grocery bags. Plastic when unrecycled is littering our world and contributing to global warming, Try collecting up and recycling plastic bottles and other plastic recyclable items and use the money you receive to for turning them in to make a meal for the poorer families in your village.

6 COOK A MEAL

For many seniors, new mothers just home from the hospital, the poor or the sick in your village, cooking and delivering a good meal may mean the nutrition they need to heal or remain strong and healthy. Try using your home kitchen or the one in your church to make a meal for one of these persons. Then deliver to them with a handmade card of greeting and some kind words.

Ljubav je tvoja bolja od života, moje će te usne slaviti. Tako ću te slaviti' za života, u tvoje ću ime ruke dizati.

Psalmi 63:4-5
